# PR Report

We had a busy month. I attended the region PR meeting ~~and~~ in Forsyth. In September @ Region there will be a GA DOC orientation meeting for all members who might be interested in doing H&I or PR service work with the GA Prison system. We need a count of all members who want to attend before the End of Aug. please announce at your meetings and ~~give~~ return info for who wants to attend to Myself or Debbie V.

We met to record the voice prompts for the phone line and everything went well. The recordings ~~are~~ have been cleaned up and are ready to be uploaded to the server. We are going to start rotating the cell phone around to different members of the PR community each month in order to be in the rotation you must attend the PR meetings.

We are looking into possibly having a phone line training workshop at one of the upcoming events. Possibly the Stone Mountain event on the 23<sup>rd</sup>.

I updated the meeting list on the region website. ~~we are working on getting the Area~~ ~~we~~ The Area website is now pulling from that site, where we only need to update one place. Jim is working on updating the print out version to pull from this same location. Due to unforeseen problems and acts of nature, ~~he~~ he was unable to update them this month.

The phone line calls were about <sup>the same</sup> average as last month around 50 calls with half coming to the cell phone. I ~~cancelled~~ <sup>changed</sup> the cellphone plan to the reducing rate plan. With this the bill will be reduced \$5 every 6 months until it reaches \$35

We discussed doing a letter campaign to establish communications with County officials, Possibly Courts, Sheriff's offices, PO offices etc.

We passed out some flyers to most of the churches ~~that host~~ ~~fact~~ where meetings are held in the Lawrenceville, Snellville, Lithonia areas.

~~we are~~ We are asking any homegroup who thinks they might know of places to hang flyers to please take some and pass them out. Dinky will pass some out if you want to hand any out.

Double checked prior locations and some tabs were ~~gone~~ taken. I am asking to be reimbursed for mileage and wanted to clarify the rate to be used.

In loving service  
Roy V.

## RDA Report

Hello Georgia Region

I would like to report that I attended the Florida learning symposium in Tampa Florida from March 25<sup>th</sup> to March 27<sup>th</sup> with the RD and other members from the Georgia Region to include a RCM, a Area Chair and a member of GRC. INC. It proved to be an excellent experience for learning and I would like see our region have learning days such as those. I sat in on fellowship development, how to be an effective facilitator, a town hall meeting with NAWS, the Southeastern Zonal Forum where discussion and a warning to the Georgia Region about the purchase of cheap insurance that does not provide the coverage we think it does or should and to look our policy over really good before we renew it. I also sat in on the Florida regional subcommittee meeting on Sunday before we left. By August 1<sup>st</sup> we should have any proposals we want included in the CAR to be submitted by that deadline. The conference will only be accepting proposals this cycle and no motions based on my understanding. Also there are posted sessions and power points on IDT's A Vision for N.A. Service, self support and in times of illness for this conference cycle. Due to the length of and the necessity of clarity, I am including a copy of the information provided to me from the World as a conference participant so our region will be informed and capable of making quality informed decisions on whatever topics are submitted or that this region would like to submit. I will be distributing copies of the first service system proposals from August 2010 and the new second update proposal to the RCM's present at this RSC.

In Loving Service

Romer J, RDA

To: Georgia Regional Service Committee,

I was asked at the last RSC to look into the possibility of converting all of our paper archives into a digital format. Before I called on any companies that perform this task I spoke with several other regions in the Southeast to find out what they were doing or had done. The only one that seems to have moved ahead on this was the Florida RSO. What they have done is to purchase archival type protective sleeves for each page of minutes. This is quite expensive in its on right.

I called six different companies that specialize in this type of archival storage. I met three of them at the storage building to look at what we had. Looking over the archives we have numerous years that will be able to be batch feed into a digital scanner and formatted to our choice of formatting. I was informed by the Chair of the GRSC to have them put into a PDF format. This is slightly more expensive because of file size.

A large portion of our archives will have to be hand scanned one sheet at a time due to their age and condition. All three companies gave me an estimate not to exceed: this was done because until they open every single box and do a full count on batch fed and hand fed sheets they cannot give an exact amount.

The prices were all fairly consistent lowest being \$3900.00 and the highest being \$4300.00. These are as high as the prices will be. They can be up to \$500.00 lower across the board. Again it all depends on how much is batch fed and how much is hand done.

This price would include the cost of all archives being placed in a chronological order and the separation and dating of Area minutes as well. If we choose two of these companies will keep the hard copies for us in a storage facility that is better suited for this type of material. All three companies suggested that once everything was copied that we needed to do something with them because some of the older files we found are beginning to deteriorate. All three companies will also shred them at an additional .15 cents per pound.

One person did ask how much it would be if we did it ourselves. Well here's that price if anyone is interested. I also placed an estimated time it would take one person to do it. Commercial scanner able to handle 9000 plus pieces of paper. 25 ppm scanner around \$400.00 / 50 ppm around \$3,500.00 / 100 ppm runs around \$7,000.00. The ones these companies use do 250 plus pages per minute and run around \$75,000.00

9000/ by 25ppm is 360 minutes 6hours not bad when you think about it; what these adds fail to tell you is how many pages it can scan per minute to a pdf format. The time drops on the lower end scanners to roughly 1.25 pages per minute. This is still considering that all can be batch fed. They can't be so close to half will most likely have to be done one page at a time. So 4500/ by 1.25ppm minutes = 3600 minutes or 60 hours. Find a few volunteers and spend 400 bucks and it's done in roughly 7.5 - 8 hour days. Of course I did not figure in the computer time of separation and placing everything in chronological order

Let me know what you want done.

# WEANA 25 EARLY BIRD REGISTRATION!!!!

**The West End Area of Narcotics Anonymous**

**Atlanta, Georgia**

**Presents**

**WEANA 25**

**Oct.27 - Oct. 30, 2011**

**"WHY SHOULD I REGISTER?"**

The money that is collected from registration is used to pay for all anniversary-related expenses. We believe once participants understand that fees from registration make the event possible, and are used for the planning of present and future anniversaries; the reason then for registration should be clear. It is the support of each participant's registration or donation that makes our anniversary successful.
